

SAFETY DATA SHEET

Odor Pellets

52408

Quality Chemical

1

IDENTIFICATION OF THE SUBSTANCE OR PREPARATION AND OF THE COMPANY

Use of Preparation: Odor Pellets

Company Identification:

Quality Chemical Manufacturing
215 Dolomite Dr.
Downsview, ON ON
M3J 2N1

Company Emergency Telephone Number(s):

(416) 665 - 8422

Transportation Emergency Telephone Number(s):

CANUTEC 613-996-6666 or *666 for cell phone

2

HAZARD IDENTIFICATION

GHS Hazards: STOT, single exposure; Respiratory tract irritation Category 3 H335
Sensitization, Skin Category 1 H317

Hazard Pictograms :

GHS Label Elements, Including Precautionary Statement

Signal Word: Warning

Hazard Statements: May cause respiratory irritation. May cause an allergic skin reaction.

Precautionary Statements: Avoid breathing dust. Use only outdoors or in a well-ventilated area.

Response: IF ON SKIN: wash with plenty of soap and water. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. IF SKIN irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

Storage: Store in a well-ventilated place. Keep container tightly closed. Store locked up.

Disposal: Dispose of contents/container according to local, provincial and federal regulations.

3 COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Description: Chemical Blend

Ingredient Name	CAS#	Classification	% by Wt
Fullers Earth (Attapulgite-type clay)	8031-18-3	STOT, single exposure; Respiratory tract irritation Category 3 H335	90-100
fragrance	n/av	Sensitization, Skin Category 1 H317	1-5

4 FIRST AID MEASURES

Inhalation: Remove to fresh air. If symptoms persist consult physician.

Eye Contact: Immediately flush eyes with cool running water, lifting upper and lower lids. If irritation persists or for foreign body in the eye, get immediate medical attention.

Skin Contact: None needed for normal use

Ingestion: If used material is ingested, get medical attention due to possibility of chemical contamination. If large amount of unused material is swallowed, get immediate medical attention.

Most Important Symptoms and Effects: no available data

Notes to Physician: Treatment based on judgment of attending physician.

5 FIRE FIGHTING MEASURES

Suitable extinguishing media: As appropriate for burning of surrounding products

Unsuitable extinguishing media: None known

Special exposure hazards: No data available

Special safety equipment: not applicable

Fire and explosion: Not considered to be a fire or explosive hazard

Further information: None

6 ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

General Measures: Wear suitable personal protective equipment.

For Non-Emergency Personnel

Protective Equipment: Use appropriate personal protection equipment (PPE).

Emergency Procedures: Evacuate unnecessary personnel.

For Emergency Personnel

Protective Equipment: Equip cleanup crew with proper protection.

Emergency Procedures: Stop leak if safe to do so. Ventilate area.

Environmental Precautions: Prevent entry to sewers and public waters.

Methods and Material for Containment and Cleaning Up

For Containment: Stop or reduce leak if safe to do so. Avoid generating dust. Collect using shovel/scoop or approved HEPA vacuum and place in a suitable container for disposal.

Methods for Cleaning Up: same as above

Reference to Other Sections: See Heading 8. Exposure controls and personal protection.

7 HANDLING AND STORAGE

Precautions for safe handling: Wear proper protective equipment Avoid contact with eyes Avoid breathing dust

Information about fire and explosion protection: No special measures required.

Requirements to be met by storerooms and receptacles: Keep container closed in a dry and well-ventilated place.

Information about storage in one common storage facility: Store away from foodstuffs.

Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.

Specific end use: No further relevant information available.

8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Respiratory protection: Normally not required. A NIOSH/MSHA approved high efficiency particulate respirator is recommended for

operations where the exposure limits may be exceeded.

Hand protection:	Not normally required. Use impervious gloves in case of sensitive skin.
Eye protection:	Safety glasses, or goggles if required by employer.
Skin protection:	As required by workplace standards.
Working hygiene:	Handle in accordance with good industrial hygiene and safety practices.
Exposure Guidelines:	A system of local and/or general exhaust is recommended to keep employee exposures as low as possible. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. Please refer to the ACGIH document, Industrial Ventilation, A Manual of Recommended Practices, most recent edition, for details.

	Fullers Earth (Attapulgite-type clay)
TWA ppm:	5 mg/m ³ (respirable dust)
TWA mg_m³:	15 mg/m ³ (total dust)
STEL ppm:	
STEL mg_m³:	

9 PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Granules/solid
Appearance:	reddish brown granules
Molecular Weight:	No Data Available
Odour:	bubble gum
Odour Threshold:	No Data Available
pH:	not applicable
Melting Point:	No Data Available
Boiling Point:	No Data Available
Flash Point:	No Data Available
Evaporation Rate (BuAc=1):	No Data Available
Flammable Limits in Air:	No Data Available
Upper Flammability Limit:	No Data Available
Lower Flammability Limit:	No Data Available
Vapour Density (Air=1):	No Data Available
Vapour Pressure:	No Data Available
Specific Gravity:	No Data Available
Solubility in Water:	Insoluble
Log Pow (calculated):	No Data Available
Autoignition Temperature:	No Data Available
Decomposition Temperature:	No Data Available
Viscosity:	No Data Available
Solubility in other Solvents:	No Data Available
Partition Coefficient:	No Data Available
n-octanol / Water:	No Data Available
Kinematic Viscosity:	No Data Available
Dynamic Viscosity:	No Data Available
Explosive Properties:	No Data Available
Percent Volatile by Volume:	No Data Available

10 STABILITY AND REACTIVITY

Reactivity:	Normally stable.
Chemical stability:	Stable under recommended storage conditions
Thermal decomposition conditions to avoid:	not known
Possibility of hazardous reactions:	not known
Conditions to avoid:	Keep container closed, when not in use away from heat and all sources of ignition
Hazardous decomposition products:	no data available
Materials to avoid:	Contact with Turpentine, vegetable oil or other unsaturated organic compounds or with Hydrofluoric Acid may generate heat and/or fire.
Hazardous polymerization:	Will not occur

11

TOXICOLOGICAL INFORMATION

Information on toxicological effects

Acute toxicity: see below

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Symptoms:	No data available
Sensitization:	Improper handling may lead to the formation of possible skin sensitizer
Mutagenic Effects:	No data available
Carcinogenicity:	No ingredient listed by IARC, ACGIH, NTP, and OSHA as carcinogens.
Reproductive Toxicity:	No data available
STOT single exposure:	Classified as specific target organ toxicant, single exposure, Category 3 with respiratory tract irritation
STOT repeated exposure:	No data available
Chronic Toxicity:	No data available
Target Organ Effects:	No data available
Aspiration hazard:	No data available

ECOLOGICAL INFORMATION

12

Toxicity:	No data available for product.
Persistence and Degradability:	No Data Available
Bioaccumulative Potential:	No Data Available
Mobility in Soil:	No Data Available
Other Information:	No Data Available
Aquatic Toxicity:	No Data Available
Toxicity to algae, fish, invertebrates:	No Data Available
Biodegradation:	No Data Available

13

DISPOSAL

Waste Disposal Recommendations:	Dispose of waste material in accordance with all local, regional, national, and international regulations.
Ecology – Waste Materials:	Avoid release to the environment.
Empty Containers:	Reuse if possible or triple rinse and dispose according to local, provincial, state and federal regulations

14

TRANSPORTATION INFORMATION

Department	Proper Shipping Name	Contains	Hazard Class	UN#	Packing Group
Canadian TDG (Road & Rail)	Not Regulated				

Please note: This shipping description is of a general nature only. It does not consider package sizes, modes of transport and other specific circumstances. Appropriate regulations should be referenced, and handling for transportation of dangerous goods/hazardous materials should be performed by trained personnel only.

15

REGULATION

OSHA/WHMIS 2015 Classification:	May cause respiratory irritation May cause allergic skin reaction
California PROP 65:	no ingredients listed

HMIS III Rating

Health:

Flammability:

Physical:

Personal Protection:
